

# Nursing Resources – A Quick View:

The Nursing Subject Guide is your one stop shopping place for Nursing Resources. Start on the library home page, then to the nursing subject guide. There are a few key resources that are good places to start from.

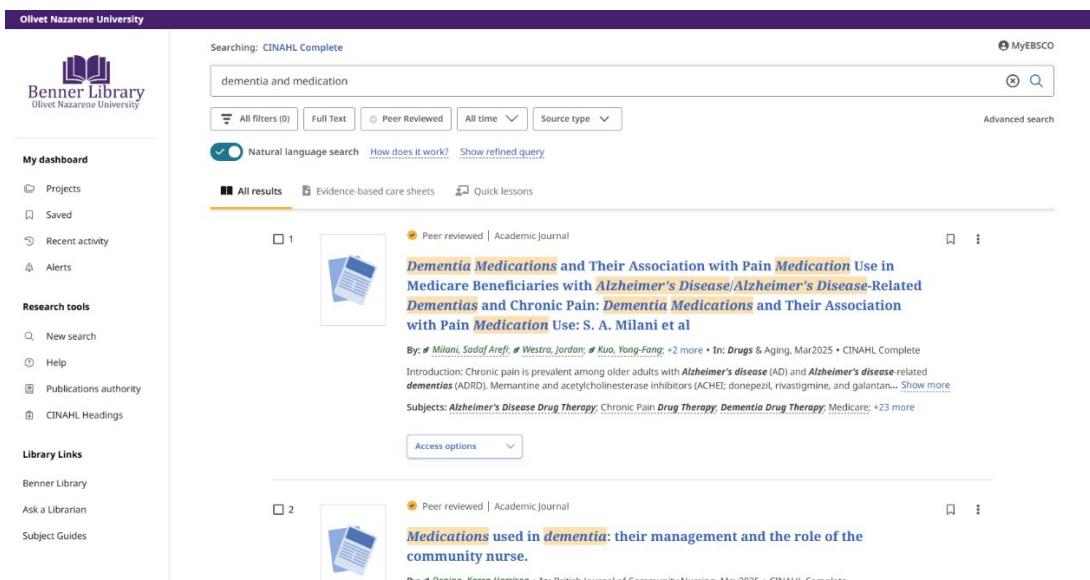

The screenshot shows the Benner Library website with a navigation bar at the top. The 'Subject Guides' section is highlighted, showing the 'Nursing' guide. The 'Nursing' section includes a yellow cross icon, a link to 'Online Degrees: RN-BSN, MSN, MSN/FNP', and several resource categories:

- Selected Databases:** A list including CINAHL Complete, BoardVitals, and UpToDate.
- Video Databases:** A list including Bates' Visual Guide and Bates' Visual Guide Dir...
- Related Databases:** A list including Academic Search Complete, Google Scholar, and LearningExpress Nursing.
- Selected eBooks:** A list including AAFP Conditions A-Z, Adv. Practice Psychiatric, Advancing Your Career, Complementary Therapies, EBM Calc, Essentials of the U.S. Health System, Infection Diseases & Clinical, Magill's Medical Guide, Merck Manual Consumer, Nursing 2022 Drug Handbook, Nursing Leadership, Public Health Nursing, Stedman's Medical Dictionary, and Therapeutic Exercise-Stroke.
- Department Handbooks:** Links to MSN Student Handbook, RNBSN Handbook, and Traditional BSN Handbook.
- Selected eJournals:** A list including Amer. J. of Clinical Nutrition, Critical Care Nursing, Journal of Christian Nursing, Journal of ObGyn/Neonatology, New England Journal of Medicine, Nursing Clinics of North America, Nursing Ethics, Nursing for Women's Health, Nursing Science Quarterly, and Pediatric Clinics of North America.
- Help:** Links to APA 7th Edition, Ask a Librarian, ESL Writing Help, and Turnitin Match Overview Score.

We have short tutorials on CINAHL and Google Scholar. The others are self-explanatory once you know where they are and what they are.

## CINAHL

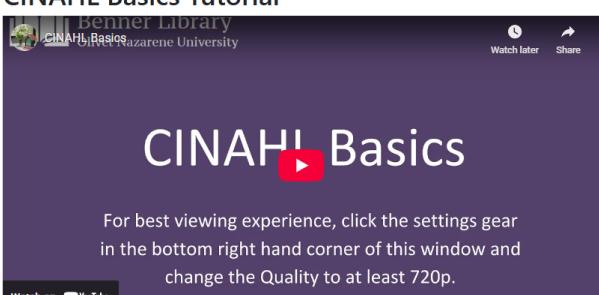

CINAHL is your primary nursing database. It is our largest index of Nursing journals and a great place to look for articles from the nursing perspective on things like medications, clinical procedures, patient care, etc.

The screenshot shows the CINAHL Complete database search results for the query 'dementia and medication'. The results are as follows:

- Result 1:** *Dementia Medications and Their Association with Pain Medication Use in Medicare Beneficiaries with Alzheimer's Disease/Alzheimer's Disease-Related Dementias and Chronic Pain: Dementia Medications and Their Association with Pain Medication Use: S. A. Milani et al.*  
By: [Milani, Sodaf Arefi](#); [Westra, Jordan](#); [Kuo, Yong-Fang](#); +2 more • In: *Drugs & Aging*, Mar2025 • CINAHL Complete  
Introduction: Chronic pain is prevalent among older adults with *Alzheimer's disease* (AD) and *Alzheimer's disease-related dementias* (ADR). Memantine and acetylcholinesterase inhibitors (AChEIs) donepezil, rivastigmine, and galantamine... Show more  
Subjects: *Alzheimer's Disease Drug Therapy*; *Chronic Pain Drug Therapy*; *Dementia Drug Therapy*; *Medicare*; +23 more
- Result 2:** *Medications used in dementia: their management and the role of the community nurse.*  
By: [Dening, Karen Harrison](#) • In: *British Journal of Community Nursing*, May2025 • CINAHL Complete

There is a 3 minute tutorial to help you. Those 3 minutes could save you hours of hunting!

## Google Scholar

You may like to try Google Scholar before CINAHL or after CINAHL. One strategy is to take your CINAHL terms into Google Scholar. This way you search across all the Nursing databases and link to other relevant resources.

≡ Google Scholar

Again, you can save less than 3 minutes with this tutorial in your hunt.

The screenshot shows a YouTube video player for a tutorial on Google Scholar. The video title is "Google Scholar" and it is from the "Benner Library" channel. The video length is 2:57 minutes. The video content includes a message about setting up an account for fulltext and searching tips, and a note about the best viewing experience (720p). The video has a "Watch on YouTube" button and a play button. The Benner Library logo is in the top right corner of the video player.

## Learning Express

Two of our librarians, Ann Johnston and Jasmine Made it easy for you to find and use the learning express resources. Notice here you click on the database title to get to instructions for nurses. There is a great NCLEX prep set! It's actually FUN. You can work through a few questions a day and see immediately the right answer.

LearningExpress: Nursing test prep tools

1. Connect to [LearningExpress database](#)  
 2. Log-in with ONU credentials, if prompted  
 3. Use the search box to access these resources.

Type one of these exact titles:

- AP Biology
- AP Chemistry
- AP Math
- NLN-NEX (all)
- NCLEX (all)

Steps to use the practice exams:

1. You should automatically be logged in. If not:
 

- a. Close tab with database
- b. Clear EBSCO cache: <https://search.ebscohost.com/TestAuth.aspx>
- c. Reopen database

2. Choose test mode:
 

- a. **Simulation:** Test stops when timer is up (most realistic).
- b. **Practice:** See answers after you finish. Timer displayed but not enforced.
- c. **Learner:** View answers as you go. Untimed.

Alternate Access Method

Instead of using the link at the top of this document, you can also use these QR codes and instructions to get to test prep materials. **LearningExpress account & login still required.**

<b>AP TEST PREP FOR NURSING STUDENTS</b>  <ol style="list-style-type: none"> <li>1. Scan QR code</li> <li>2. Click "Prepare for College"</li> <li>3. Then "Get ready for AP Tests"</li> <li>4. Then choose desired test:           <ul style="list-style-type: none"> <li>a. Biology</li> <li>b. Chemistry</li> <li>c. Math</li> </ul> </li> </ol>	<b>NLN-NEX, CNA, NCLEX-RN &amp; More</b>  <ol style="list-style-type: none"> <li>1. Scan QR code</li> <li>2. Scroll to "Career Development and Job Preparation"</li> <li>3. Click on "Career Preparation"</li> <li>4. Click on "Prepare for Nursing Exams"</li> </ol>
--	--

You can get to the database from that document, or clicking on the dropdown menu and on the purple question mark.

The image shows a screenshot of a web browser. At the top, a dropdown menu is open with the text: "LearningExpress Nursin..." followed by a purple question mark icon. Below this, a box contains the text: "Test, tutorials, and ebooks to assist you in your educational and career goals. (Full text)" and "Service = EBSCOadmin (databases)". To the right of the dropdown, the EBSCOlearning logo is visible, along with a search bar and a "Logged In" status. The main content area features the "PrepSTEP College" logo with the tagline "Welcome to PrepSTEP® College". Below the logo, a sub-tagline reads "Prepare for your future with everything you need for college and career success." To the right of the text is a circular image of three students (two boys and one girl) looking at a book together. Below this section, there is a "Academic Skills and Test Preparation" heading with four sub-options: "Core Math and Science" (student at a chalkboard), "Core English Skills" (student in a classroom), "College Success Skills" (student in graduation attire), and "Grad School Admissions" (students in a classroom).
